What ParaComm Does

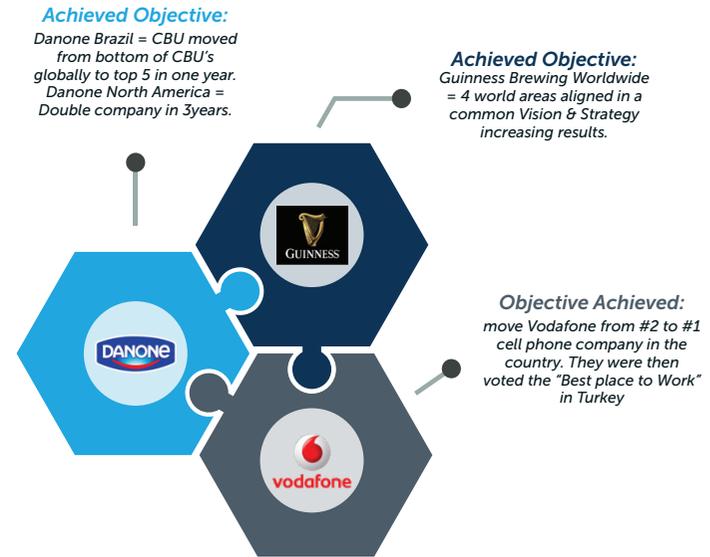

– we work with people to create a new mindset about what is possible

ParaComm works with organizations to create commitments to the future and what you want to accomplish.

How Paracomm Works

We **lead** a series of two-day meetings where people begin to shift micro behavior and shift day-to-day behaviors that then begin to have a more lasting change.

We **engage** larger groups in two-day sessions, bringing more people into the conversation and getting more people on the same page, in this new mindset of **commitment and possibility**.

We are in meetings with Exco and others to **Co-Create** and challenge the thinking that the teams come up with and in some cases, be the mirror to really get the new commitments, mind set and breakthrough projects motoring.

Testimonials

"ParaComm helped me to build a truly unique culture in my organization that delivered not only breakthrough results but also high motivation and loyalty. ParaComm's Transformational Leadership Program is definitely the most powerful tool that I have experienced in my career to build a committed organization that delivers breakthrough results."

- Gökhan Ögüt
CEO Vodafone Turkey

"It is extremely rare for a highly successful company to 'stand in the future' and recognize the need to transform itself. ParaComm helped us create a cultural shift with a clear strategic intent for the business, and now all four world areas stand aligned on our common vision and strategy."

- Brian Baldock
CBE, Guinness Brewing Worldwide

"The most meaningful and effective contribution ParaComm made was to help us expand our thinking and to act in new ways. They introduced us to a new way of communicating which has endured years later. As a result of their work the culture of this organization is different."

- Peter Lederer
CBE, Chairman, The Gleneagles Hotel
